

WASHINGTON STREAMING FOUNDATION MISSION STATEMENT

Paypal.me/wsf1org

Mr. Washington has been entrusted with the vision to help our under-served communities, youths, and schools with new technology that gives them the opportunity to experience the skills of streaming Live! We know that our schools don't offer our youths the opportunity to experience this new technology because of budget cuts, teacher shortage, COVID-19, social distancing and all that it encompasses.

Yet many youths have proven their desire to stream online with their numerous creative posts however they lack the skills to do so professionally. Mr. Washington is making it possible and willing to share his knowledge with all who express an interest in this wonderful program offered by The Washington Streaming Foundation where people learn what it takes to produce products, shows, documentaries, movies, etc.

This is the right time to offer this new technology to our youths. Things are changing; schools are closed due to the corona virus; students are bored stiff & teachers are attempting to teach standard lessons online with little or no success. Let's face it - they need our help and we know it!

We want reach many of our under-served students attending schools in our very own communities. I know we can help schools, community based organizations organize an enrichment program that will reach those creative entrepreneurial minds with the insightful vision of the Washington Foundation.

Under the leadership of CEO -----

The Washington Foundation is now becoming a community based organization geared to assist teachers, schools, parents and students with the skills needed to stream video Live on social media in a safe & professional manner.

During the process of developing such a program, Mr. Washington decided to open a nonprofit organization called Washington Streaming Foundation. This foundation has one mission to give every under-served youth, school, community based organization the opportunity to learn and use this technology to stream over the airways professionally and safely.

Washington Streaming Foundation offers classes online (due to coronavirus), Memberships get discounts on our services, advertising with video services, create your own show, broadcasting skills, entertainment services, live online telethons enhanced with entrepreneurial business plan development skills which will carry them a long way.

We are looking for volunteers who would like to work for our organization. Will you Help us serve our communities, youths & schools? If this is you, please apply by requesting a application at contact@wsf1.org

Our Foundation depends on tax deductible donations to provide this new technology and programs to our people. If you can make a donation please visit our Facebook page posted below.

Please help me welcome our community based organizations, youths and schools, to our foundation. Join our Facebook page at [facebook.com](https://www.facebook.com/wsf1org)
